Professional Summary

Multidisciplinary educator, program leader, administrator, and doctoral candidate with experience spanning organizational leadership, program development, education, research, athletics, and community-based initiatives. Proven background managing programs, coordinating staff and operations, developing curriculum, leading projects, and using data and research to support decision-making and continuous improvement. Advanced graduate training in kinesiology, business analytics, and educational technology, complemented by technical experience in data analysis, GIS, information systems, and digital tools. Brings a combination of people leadership, analytical thinking, communication, and operational experience applicable across education, public and nonprofit organizations, program and project management, business operations, community development, and other mission-driven or service-oriented sectors.

Research and Community Scholarship

Research Interests:

- Factors that influence the use of physical activity spaces
- Sport and physical activity access and equity
- Community wellness promotion
- Adult sport and physical activity
- Youth sport and community program development

Doctoral Dissertation (In Progress)

Factors Influencing Use of Physical Activity Spaces in Formerly Redlined Neighborhoods (2027).

University of North Carolina at Greensboro

- Mixed-methods study examining how environmental and social factors influence engagement with physical activity spaces in historically underserved neighborhoods in Alameda County.
- Design and administer a survey to assess perceptions of access, safety, and opportunity for physical activity.
- Conduct semi-structured interviews with residents to explore lived experiences related to physical activity engagement.
- Apply thematic analysis and descriptive statistics to interpret patterns in physical activity access and neighborhood infrastructure.
- Translate research findings into actionable insights and recommendations for community stakeholders, planners, recreation professionals, and organizations working to improve physical activity access.
- Use historical redlining maps and Geographic Information Systems (GIS) tools to identify formerly redlined neighborhoods and corresponding contemporary census tracts.

Research, Analytics & Technology

Research & Analysis: Mixed-methods research; survey design; semi-structured interviewing; thematic analysis; descriptive statistics; quantitative and qualitative data analysis; historical spatial analysis; census and demographic data integration

Data, GIS & Visualization: SPSS; Microsoft Excel; Tableau; ArcGIS Pro; GIS mapping and spatial analysis; Qualtrics; ATLAS.ti

Operations & Administrative Systems: Facility scheduling and management; event operations; digital ticketing and admissions; registration and scheduling systems; Facilitron; GoFan; participant and program management

Courses & Subjects Taught

College: Tennis

Secondary: Physical Education (9th Grade); Physical Education (10th Grade); Sports Medicine; Weight Training; Sport-Specific Athletic Conditioning; Team Sports; Net Sports

Professional Experience

Canyon Trail Tennis — El Cerrito, CA

Founder & Director | Junior Team Tennis Coordinator | December 2025–Present

- Founded and manage an independent tennis program providing junior development, team training, match play, and competitive opportunities.
 - Lead program operations including enrollment, scheduling, participant communication, budgeting, and program development.
 - Coordinate USTA Junior Team Tennis teams, including recruitment, roster development, registration, practices, competition scheduling, and match preparation.
 - Recruit and coordinate coaches to support instructional programming and match-day operations.
 - Grew Junior Team Tennis programming from one team to three teams while expanding competitive opportunities for local players.
-

El Cerrito Parks & Recreation / Crouching Tiger Tennis / El Cerrito Tennis Club — El Cerrito, CA

Contract Tennis Instructor & Performance Coach | May 2025–Present

- Deliver contracted tennis instruction for youth, adults, and seniors through recreation classes, clinics, camps, private instruction, and specialty programming.
- Design and deliver age- and skill-appropriate instruction focused on technical development, movement, strategy, and continued participation.

- Collaborate with recreation staff, tennis organizations, and club leadership to meet instructional and programming needs.
 - Coached the 2025 East Bay/Tri-Valley 10U Orange Ball championship team.
-

West Contra Costa Unified School District — Richmond, CA

Physical Education Teacher | 2016–2025

- Developed and implemented standards-based physical education curriculum promoting lifelong wellness and physical activity engagement.
- Designed instructional modules, guided exercises, and assessments tailored to diverse learners.
- Served as Department Lead (2016–2023), coordinating a four-person instructional team and physical education programming serving approximately 800 students, including curriculum development, state fitness testing, instructional planning, facilities, equipment, and program implementation.
- Designed and implemented summer programs that aligned athletic participation with physical education credit opportunities.
- Delivered instruction in both in-person and online learning environments during COVID-19, integrating digital learning tools and instructional technology to support remote physical activity engagement.

Sports Medicine Teacher | 2018–2020

- Taught sports medicine curriculum covering injury prevention, athletic training fundamentals, and health science principles.
- Integrated applied learning experiences related to sports performance and injury management.

Athletic Director | 2021–2023

- Directed operations for a 15+ sport athletic program, overseeing scheduling, budgeting, transportation, facilities, equipment, compliance, event management, and community engagement across 220+ junior varsity and varsity competitions annually.
- Recruited, onboarded, supervised, and supported approximately 30 coaches, establishing expectations for program quality, participant safety, compliance, communication, and staff accountability.
- Coordinated facilities, transportation, officials, equipment, competition schedules, postseason logistics, purchasing, and administrative requirements across multiple concurrent athletic programs.
- Increased athletic participation from 165 student-athletes in 2020–21 to 298 in 2021–22 and 333 in 2022–23 through program development, student and family engagement, and expanded athletic opportunities.

- Used participation, performance, and program data to evaluate needs, monitor progress, and inform staff-development and operational decisions.
- Improved the varsity athletic program win percentage from 20.5% to 47.8% during tenure.

Program Impact – Richmond High Athletics

During tenure at Richmond High School, contributed to sustained competitive success through leadership in varsity tennis, basketball, and athletic administration. Programs achieved 15 conference championships (10 as head coach), 17 North Coast Section (NCS) appearances, and two CIF State Tournament berths during this period. Expanded student access to athletics through community outreach, program development, and grant-supported initiatives focused on student-athlete development.

Varsity Coaching Experience

Girls' Basketball – Varsity Head Coach | 2015–2024

- Developed competitive basketball program emphasizing athlete development, teamwork, and academic accountability.
